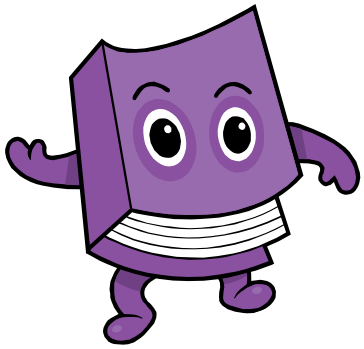
Tumble Books



Parents,

Tumble Books is a FABULOUS resource for reading books away from school when students can't get to the library. The website requires a membership, and accessing it from a computer at school is simple since we have a membership. Students can use the site at home as well, but they must log in through Berryhill's library page. It's a little tricky, but it's VERY WORTH the hassle! *This is an excellent resource for summer reading!!!*

Follow these steps to access Tumble Books from home:

1. Go to www.santarosa.k12.fl.us and click on School Info in the left column.
2. Click on Berryhill and when new window opens, click on the picture of the school.
3. Click on the astronaut and then choose Media Center on the welcome page.
4. Scroll down on the Media Center page and click on the DESTINY link.
5. When the Destiny Quest page loads, click on Exit Destiny Quest in the right corner.
6. Find the green Catalog tab at the top left under Berryhill Elementary. Click the Home tab next to it.
7. Under Media Resources, choose Tumble Books for Kids!
8. A new window will open for Santa Rosa County Library System. (You may close out any previous windows at this time.)
9. Scroll down and choose Tumble Book Library. A new window will open. (You may close out previous window.)
10. *You made it!* From this home page, students can explore story books, read-alongs, and nonfiction books. Students can search for books using TUMBLE SEARCH in the upper left corner. This is a great place to search by book title, author, or reading level!
